LOGIC AV PROFESSIONAL HEADSET

LG-205B USB

Binaural Headset

Designed with two comfortable earcups-left and right, Binaural Headset gives the users clear stereo sound with hassle-free performance. With this headset, the users get different frequencies in each ear at the same time and experience an utmost user experience without any ambient noise.

Noise Cancellation Microphone

With the benefits of Noise Cancellation Microphone, this headset helps users to share their voice without any additional noise. It offers rich, refined and upgraded sound quality with well-defined bass, which enhances the gaming experience.

Headset for PC Game, Music & Internet Phone (VoIP), USB Headset

Ideal to use while playing games or listening to music with richness, clarity in sound and deep bass especially for the real gaming experience. Besides, it offers a required comfort that users never get before.

Unified Communication

Compatible with the platforms (Microsoft Teams, Cisco Webex, Zoom Video Communications, Skype for Business, and others) of Unified Communications (UC) means real-time communication services with less response time, this headset assists any business to experience the new level of performance with utmost efficiency. It gives a hassle-free environment to the users and let them focus on just what they want to communicate.

LOGIC

LOGIC AV PROFESSIONAL HEADSET

LG-205B USB

Lightweight

This headset is lightweight and hence, it is easier to wear for a long conversation without getting uneasiness.

All Day Wearing Comfort

It is sturdy and comfortable to use for a long time and importantly, it carries a stylish outlook. It lets you focus on your call with a comfort that never happens before.

Headset Cable Cord Clip Holder

Headset Clip can be used on the cloth (lapel or collar) to keep the cord in place. It prevents your earphone wires from being intertwined and it is easy to attach on the jackets, shirts and others.

Microphone & Speaker
Volume Controller and Mute Option

Flexible microphone to adjust positioning is the best feature of this product along with its Speaker Volume Controller that assists the users to keep the volume as per their requirement. Besides, its smart and simple mute option allows users to get a smooth and prompt experience by blocking sound from the user's side.
